

CPC30220

Certificate III in Carpentry

Certificate III in Carpentry provides a trade outcome in carpentry, covering work in residential and commercial application. You will learn the basic foundations and content to develop the skills and knowledge used in the building and construction industry to efficiently produce quality work. You will carry out setting out, construct wall frames, ceiling frames, pitched roofs, eaves, external stairs, flooring systems, install windows and doors.

This qualification has replaced CPC30211 Certificate III in Carpentry as of 27 November 2022.

A transition period applies to enable current students to complete their study. The transition period finishes on 26 November 2022.

If required, enrolments will be transitioned into the replacement qualification.

ENTRY REQUIREMENTS

This qualification is delivered under the Australian Apprenticeship Program. Students must be employed in an apprenticeship to undertake this qualification. Applicants must be minimum age of 13 years old.

DELIVERY MODES

Workplace Delivery – State-wide (QLD). Workplace delivery with regular site visits by your trainer and assessor. Some off the job delivery may be scheduled as required to assess skills that are not able to be demonstrated in your workplace.

College/Block Delivery

3-4 Days Block Release with Site Visits by your Trainer and Assessor.

11 Blocks are scheduled throughout the duration of the apprenticeship for theory and practical training at our purpose built Trade Training Centre.

DURATION

Nominal term of this Apprenticeship is 48 months, the expected duration is 42 months. This apprenticeship can be offered full time, part time and school-based.

FEES AND FUNDING

The User Choice program provides a public funding contribution towards the cost of training and assessment services for eligible Queensland apprentices and trainees. User Choice is funded by the Queensland Government.

Apprentices undertaking training under the User Choice program are required to contribute to the cost of their training through a set student contribution fee of \$1.60 per nominal hour for each unit of competence. This fee may be paid on the apprentice's behalf by an employer or another third party. In most instances under the award, employers are responsible for paying tuition fees.

Some apprentices may be eligible for concession. Please check with our website or contact our office for more information.

CPC30220

Qualification Overview

To achieve this qualification, the student must demonstrate competency in 34 units of competency - **27 core units and 7 elective units**. **Recognised Prior Learning (RPL)** recognises your existing experience gained through life or work for which you may not have obtained a formal qualification. RPL is suitable for experienced individuals with no formal qualifications. We will work with you to identify your existing skills and knowledge and assess if you can then achieve a full or part qualification which will save time and avoid unnecessary duplication of training. RPL and Recognition of Current Competencies (RCC) may be available for this qualification.

Unit Code	Unit Name		
Core Units			
CPCCCA2002	Use carpentry tools and equipment	CPCCCA3025	Read and interpret plans, specifications and drawings for carpentry work
CPCCCA2011	Handle carpentry materials	CPCCCA3028	Erect and dismantle formwork for footings and slabs on ground
CPCCCA3001	Carry out general demolition of minor building structures	CPCCCM2006	Apply basic levelling procedures
CPCCCA3002	Carry out setting out	CPCCCM2008	Erect and dismantle restricted height scaffolding
CPCCCA3003	Install flooring systems	CPCCCM2012	Work safely at heights
CPCCCA3004	Construct and erect wall frames	CPCCCO2013	Carry out concreting to simple forms
CPCCCA3005	Construct ceiling frames	CPCCOM1012	Work effectively and sustainably in the construction industry
CPCCCA3006	Erect roof trusses	CPCCOM1014	Conduct workplace communication
CPCCCA3007	Construct pitched roofs	CPCCOM1015	Carry out measurements and calculations
CPCCCA3008	Construct eaves	CPCCOM3001	Perform construction calculations to determine carpentry material requirements
CPCCCA3010	Install windows and doors	CPCCOM3006	Carry out levelling operations
CPCCCA3016	Construct, assemble and install timber external stairs	CPCCWHS2001	Apply WHS requirements, policies and procedures in the construction industry
CPCCCA3017	Install exterior cladding	CPCWHS3001	Identify construction work hazards and select risk control strategies
CPCCCA3024	Install lining, panelling and moulding		

Unit Code	Unit Name		
Elective Units (unit selection to be completed at enrolment)			
CPCCCA3012	Frame and fit wet area fixture	CPCCWC3004	Install suspended ceilings
CPCCCA3014	Construct and install bulkheads	CPCCOM1013	Plan and organise work
CPCCCA3027	Set, operate and maintain indirect action powder-actuated power tools	CPCCCA3026	Assemble partitions
CPCCCA3018	Construct, erect and dismantle formwork for stairs and ramps
